Worth Seeing in Ötztal

📍 Ötzi Village, Umhausen

ÖTZI VILLAGE, BIRDS OF PREY PARK, MUSEUMS & WOOD CARVING

Visit the oldest house in Ötztal, the scenic "Tower of Oetz" where the most beautiful views and vistas of the valley were collected. The unrivaled Tower Museum tells the entire history of the valley on six floors.

Enjoy a great day in the Archaeological Outdoor Park that gives an insight into "life, work and housing in the Stone Age", the time of famous Ötzi – The Iceman. Right next door, you can marvel at the spectacular flying skills of birds of prey in the open-air arena.

Ötztal's Local Heritage Museum is all about the hard working life of the past: eleven buildings show how people used to live here while four water mills babble on Lehnbach brook.

Lovers of hand carving can admire the nativity scene exhibition and a lot more items in the central valley's wood carving studio.

The exhibition in Sölden's old shooting range is a place of remembrance, providing insights into the history of National Socialism in Ötztal.

Unique Top Mountain Motorcycle Experience shows brilliant motorcycle history and technology, exhibiting over 550 motorcycles from 150 manufacturers as well as a 4D cinema on 4,500 m².
